

VISHV SINGH

Delta, BC, Canada • +1 604-773-4227 • vjsingh284@gmail.com • [LinkedIn](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Full-stack developer with a B.S. in Computer Science (Cybersecurity) and 3+ years of experience building and deploying web and mobile applications. Proficient in React Native, Python/Django, Node.js, and cloud infrastructure (AWS, Docker, CI/CD). Passionate about writing clean, secure, and scalable code from REST APIs to production deployments.

WORK EXPERIENCE

Full-Stack Developer | [Fineasy](#) • Remote

Aug 2025 – Present

- Built and shipped a cross-platform (MVP) fintech learning app (React Native/Expo + TypeScript) featuring Google Sign-In, onboarding flows, interactive lessons, insider-trade browsing, and live TradingView/Finnhub analytics.
- Built a secure Flask REST API with Google ID token verification, JWT session management, CORS handling, and centralized error middleware — serving lesson and trade data at scale.
- Deployed the backend with Docker and Unicorn on AWS EC2, provisioning via CloudFormation and CI/CD via GitHub Actions → DockerHub → EC2.

Web Developer / IT Support (Freelance) | [Argent Alliances](#) • Remote

Aug 2023 – Sep 2024

- Designed, built, and deployed a client-facing WordPress site with custom theme modifications, performance optimizations, and hardened security configurations, meeting all delivery milestones.
- Served as primary technical point of contact, translating client requirements into actionable tickets and resolving issues across software, hardware, and hosting environments.
- Maintained site reliability and uptime by proactively monitoring performance, applying security patches, and coordinating with hosting providers to resolve infrastructure issues.

Web Developer / IT Support (Freelance) | [AlphaFit](#) • Remote

May 2022 – Jun 2023

- Implemented on-page SEO and structured data improvements that lifted site visibility score from 72% to 93%, driving measurable increases in organic traffic.
- Designed and executed A/B testing campaigns for landing pages, providing data-driven recommendations that improved conversion rates.
- Diagnosed and resolved site downtime incidents including plugin conflicts, CMS misconfigurations, and hosting-level issues, reducing average resolution time.

Software Engineer | [IO21 FZ LLC](#) • Remote

Jan 2022 – Apr 2022

- Developed and tested backend Django REST APIs for client web portals using JWT authentication, validated endpoints with Postman in an Agile sprint environment.
- Contributed to frontend UI with HTML5/CSS3, maintained Git workflows, and participated in code reviews alongside senior engineers.
- Supported Agile sprint meetings including standups and retrospectives, demonstrating adaptability and effective collaboration within a fast-paced remote team.

PROJECTS & LEADERSHIP

AI-Powered Exam Monitoring Platform — Graduation Project Lead

- Led a team of 5 to design and build a real-time exam proctoring system using Django, implemented secure backend logic, event logging, and network monitoring features.
- Tested system security and reliability using Postman and Selenium, ensuring robustness against unauthorized access attempts.

Lab Assistant — University of Wollongong (Jun 2020 – Jun 2022)

- Provided technical support for students during practical OS labs (Windows/Linux), assisting with DHCP troubleshooting, OS booting, and Cisco Packet Tracer lab imaging.

CERTIFICATIONS

AWS Certified Developer – Associate Amazon Web Services	<i>Oct 2023</i>
CompTIA Security+ CompTIA	<i>Nov 2022</i>
Junior Penetration Tester TryHackMe	<i>Aug 2024</i>

EDUCATION

Bachelor of Science in Computer Science (Cybersecurity) University of Wollongong • Dubai, UAE	<i>Oct 2018 – Oct 2022</i>
---	----------------------------

TECHNICAL SKILLS

Languages	Python, JavaScript (TypeScript), HTML5/CSS3, Bash
Frameworks	React Native/Expo, Django, Flask, Node.js, REST APIs
Cloud & DevOps	AWS EC2/CloudFormation, Docker, GitHub Actions, CI/CD, Gunicorn
Security	Penetration Testing, JWT, OAuth2, Network Monitoring, Kali Linux
Tools	Git, Postman, VirtualBox, ConnectWise, Ticketing Systems
Networking	Active Directory, TCP/IP, DNS, DHCP, VPNs, Routing, Group Policies
OS	Linux (Ubuntu, Kali), Windows 7–11 / Server, macOS
